

If you are pulled over, roll down your window 2" and ask the LEO if there is an emergency requesting your assistance. If so, do as directed as we are fellow servants of the public law.

If not, hand them the following request for records. Said request is based on the presumption that you have Z plates and that there is an additional notice on your dash or by you informing the LEO of your status. This way the LEO stands noticed and you may request the records below to file a case against the insurance bond of the Agent that has misidentified you and unlawfully detained you.
