RE: Letter of 10/20/22

Dear Lisa Nesbitt, Scott S. Harris, John G. Roberts, Clarence Thomas, Samuel A. Alito, Jr., Sonia Sotomayor, Elena Kagan, Neil M. Gorsuch, Brett M. Kavanaugh, Amy Coney Barrett, and Ketanji Brown Jackson, Lord Mayor Vincent Keaveny, King Charles III, and Pope Jorge Mario Bergoglio,

This is a personal Post as Letter addressed to multiple people and Sovereigns. By definition of Congress and the 14th Amendment USA Citizens are dead assets of Corporation(s) [DUNS number 052714196] doing business on behalf of the United States of America [unincorporated] as defined by 28 U.S. Code § 3002. A fundamental Maxim of Law is Notice to Agents is Notice to Principals. Notice to Principals is Notice to Agents. As such, it is your fiduciary responsibility to deliver this Post to the Addressees. Your codes specifically deal with the obstruction and neglect for delivery:

18 U.S. Code § 1701 – Obstruction of mails generally

42 U.S. Code § 1986 – Action for neglect to prevent

In addition to your codes, the failure to deliver said Post to addressees from non-domestic to said Corporation(s) [see original stamped prepaid cover sheet] may be prosecuted as violations of International Treaty INTERNATIONAL MAIL MANUAL 742.1 and 742.2; UPU RL 114, 2.2 as indicated from the Universal Postal Union and membership by the United States of America. Color of Law Title 18 may also apply. Finally, as the Land jurisdiction of the unincorporated, the United States of America is standing and being recognized lawfully in all 50 States; you could be prosecuted for Treason. This means that you could face up to the death penalty and be removed so that this Post can be delivered to the next addressee. This Post is delivered Registered and tracked. The original letter indicated it was a Freedom of Information Act Request for all data regarding the delivery of the Post. Apparently the contents of the original Post failed to be delivered to the addresses and Legal judgment. was made to return said Post without regard to Freedom of Information Act request creating additional crime. It is time to follow all the LAW and respect the Peace on the Land since 1814. Our intent is to use LAW and

Notices to restore order. Your Corporation(s) continue to show that they are out of order by the action of its Agents.

This Post constitutes **Second Notice**. First Notice was returned back to me as indicated in said letter of October 20, 2022, with no response from the Addressees as now part of the public record and published with this and the original documents at Combolisk.org/nationals. The original is also included as attachment.

For the record, I may have made error in the original filing. A letter to USA Citizens was sent to your address. It was not a contract for Court services. I may have made error and addressed one name with an "Associate Justice" title in error. For that reason I apologize and provide Notice that this is a letter Posted to individuals, not Justices. However, it is the responsibility of the recipient to read and pass the letter and its enclosures to the next of the named Parties on the addressee line of the Post and of the Letter. The issue of Parties has been resolved. This remains matter of Life(s).

The first Addressee now listed is Lisa Nesbit [added] in relation to Scott C. Harris [added] as blockade against delivery to the original addresses. As this is a Post and not a Court filing, it is your responsibility to read, act, and deliver the Post to the next person on the addressee line. You are responsible for the contents. You are required NOT to provide legal assistance, which would be in the form of a blockade to delivery of this letter, including a ruling causing the letter to be returned before it reaches the last addressee. This is the principle of a Priority Letter as a Post when life is at stake per maxim of LAW. By LAW a response is required by at least the data regarding delivery by FOIA Title 5.

The contents of your letter are addressed below to prevent further misidentification because you unlawfully returned First Notice. You are reminded that this is already **Second Notice** and in American Common Law, two incorrectly or non-rebutted Notices become L[AW]. A third un-rebutted Notice remains permanent history and record of the Notice filings.

Contents of letter enumerated:

- 1) The First Notice was Notice under American Common Law. The original Letter listed the Writ of Habeas Corpus as an attachment [as link]. A courtesy copy was enclosed and may have been placed incorrectly in front of the letter addressed to the people [dead USA Citizens in the Corporation(s)] listed above.

The Sovereigns believed to be responsible have been added to this Post. Said Letter and its attachments including said writ is attached to this document.

i do not wish to contract by UCC Trust. i also respectfully remind you that the Great Writ [Habeas Corpus] comes to this Land by virtue of the Anglo-Saxon tradition and Magna Carta, putting living men and women on equal level with the sovereign King in

opposition to the Justinian code [civil law] that puts the State above living men and women with no direct appeal to God. Your Employer as a Corporation(s) puts you below and out of jurisdiction with Sovereigns as indicated in the original Letter. Consider this an extended request for any [L]AW written by an unincorporated Congress adding any requirement to the Writ of Habeas Corpus other than its traditional guarantee by Constitution. Even your own rules and codes are unlawful by your own precedent reaffirming that Congress [unincorporated] is the only body to make LAW (see West Virginia v EPA). This means even your Codes and Court Rules are not valid unless created by a Congress outside the Corporation(s), and on the Land as per Paris Peace Treaty following the Revolutionary War. Former Justices as Agents of a Foreign Government Service Organizations stood up and admitted they were no better than dead assets of the Corporation by acting like a Corporation in the Clearfield Doctrine. The whole concept of said Writ is to remove ALL obstacles [inferiors] restricting communications between a person or living [wo]man and Sovereign with a third party intervening as necessary to question the lawfulness of restraint. If necessary, those witnessing this Post and its responses will submit the Post and history of the Responses to the Sovereigns or their heirs indicated in the Paris Peace Treaty, giving Americans on the Land the status of equal Sovereigns. Corporations and their assets (USA Citizens) do not have this right.

Every addressee on the line is responsible for delivery of this letter to the Sovereign responsible to avoid International actions by said Treaty and prosecution of those responsible for unlawful restraint as inferiors. Every Sovereign and Citizen must know that there is no escape of liability and prosecution when following unlawful orders that are not natural (see Cruden v. Neale, 2 N.C. 338). Each inferior on the addressee line is responsible to release the prisoner with authority and pass the Letter to the next on said line as inferior. Failure to act is an against State and falls to Notice to said Treaty.

- 2) No motion was attached by any applicable rule as per 1) to proceed in forma pauperis or otherwise. The original attached letter is now an attachment to this letter. Said Letter indicates why Yolanda Lynn Searl and myself are being misidentified as defacto [USA Citizens] employees and/or dead assets of Corporation(s). Said rules only apply to USA Citizens and employees of the Federal Foreign Service Corporation(s) doing business on behalf of the United States of America [unincorporated]. It appears the requirement is an act of Piracy to bring Admiralty and/or International jurisdictions of the sea and/or air onto the Land without contract. The misidentification of dead asset by trust (USA Citizens attached by 14th Amendment, Birth Certificate contract, and wet stamp on IRS forms) listed in the restraint paperwork is sufficient to release the Sovereign as a Living [wo]man identified properly as Yolanda Lynn Searl. Any other name use of characters is unlawful.

- 3) The issues of affidavit and/or indigency and Rule 39 fails for the same reason in 1) and 2). You are respectfully reminded that the real money of the United States of America is silver and gold (Article 1, Section 10), and that you have made no “coupons” to pay debt following House Joint Resolution 192, and subsequently, Public Law 73-10 as enacted. See also Chapter 28 Section 112 added to the United States Statutes-at-Large, and numerous sections were added to the Federal Code, most importantly, 12 USC 95(a). All of which eliminated any lawful money with no prescribed remedy or process to allow exclusion for those outside the Corporation(s) as sovereigns on the Land.
- 4) The Letter and even the enclosure of a Writ of Habeas Corpus are not for appellate review as Yolanda qualifies for original jurisdiction to the Supreme Court as a Public Minister or higher by Article III. The original Letter identifies item 1) as First Notice under American Common Law, 2) is an attachment of Writ of Habeas Corpus on behalf of Yolanda Lynn Searl. Said writ outlines the issues of misidentification, 3) Requests a writ of Mandamus to prevent further misidentifications. It also outlines an argument that all Court proceedings from Nationals (Yolanda and Myself), as defined by your code, will result in an overwhelming flood of original jurisdiction cases being filed with your Court without Notice to Agents. Article III of your Constitution may have incorrectly identified Public Ministers or higher with original jurisdiction failing to acknowledge the status of the living men and [wo]men at signing. Since the Paris Treaty of 1783 made all people on the Land as Sovereign, and that as British subjects, Benjamin Franklin and the penitentiary signing members were at least recognized as Public Ministers, all USA Citizens returning to the Land jurisdiction as Living Men and Women are superior to the defacto dead Corporation(s) and its’ assets. Clarification as original jurisdiction to foreign off shore Public Ministers or higher and return of the Court to Land jurisdiction may be necessary to remove all cases from Publically proclaimed Nationals as original jurisdiction if the population of USA Citizens change their status to sovereign Nationals. Modification to Amendment 11 may also be necessary as the Corporation is non-domestic to Nationals. Until Congress [unincorporated] or the States [unincorporated] make Amendment, the maxim of Notice to Principals is Notice to Agents. And Notice to Agents is Notice to Principals. This is sufficient to pass Yolanda from Corporation assets to Sovereigns or release her as a sovereign. The population of the physical United States must be notified of the Truth regarding the history of Foreign Corporations doing business for the United States of American [unincorporated] and its acts of Piracy. The Writ of Mandamus requested is in the interest of the defacto corporation(s) to Notice all branches of said corporations and their sub-corporations to avoid further misidentifications and acts of War to restore the rules of LAW. The signatories at the Paris Peace Treaty have a responsibility to defend Americans over any dead Corporation unlawfully restraining any one Sovereign. Every addressee of this Post has a responsibility to free a Sovereign from restraint by said Treaty.

- 5) Petitions were made to FEDERAL DISTRICT COURTS in DENVER [territorial foreign service corporation] and in WASHINGTON DC [municipal foreign service Corporation]. Review of the Supreme Court jurisdiction and the fact that neither myself nor Yolanda Lynn Searl are under international admiralty jurisdiction of the District Courts as in 4), places original jurisdiction with the Supreme Court if necessary. If any of the addressees are within a Corporation(s) or subCorporation(s) restraining a sovereign then all actions to release any Sovereign are necessary on your own accord, if necessary. A Response was filed with DENVER indicating the Writ should be withdrawn as no jurisdiction (attached). WASHINGTON DC denied jurisdiction received 10/25/22, even though the MUNICIPAL Service Corporation unlawfully extended its authority to the Continental United States as an act of Piracy. Yolanda appears in all capital letters like MUNICIPAL Trust and/or Commercial instruments of the MUNICIPAL Corporation. The Court(s) holding of Yolanda is identified in the attached paperwork and are Admiralty Courts as are said Federal District Courts per Penhallow v. Doane's Administrators, 3 U.S. (3 Dall.) 54 (1795). Herein lies the issue of jurisdiction. Sovereign on the Land, Yolanda is not under jurisdiction. She is on the Land. The lower Courts are international jurisdiction of the Air and/or Water. This misidentification in LAW is the subject of the request that the Supreme Court act on its own merit to Notice Agents of all branches and sub-branches of the defacto Corporation(s) to prevent further misidentification and original jurisdiction issues for the Supreme Court of THE UNITED STATES OF AMERICA and The United States of America and all derivations of Corporation(s) providing Foreign For Profit Services doing commerce as the United States of America. All acts outside the enumerated ones in the Constitution being criminal and acts of Piracy.
- 6) The Original Letter attached as an International Post as Letter in the International Post stream is for the addressees. The passage as read from one USA citizen to the next and expected response is completion of service to avoid prosecution for high crimes against State. Said State is the unincorporated United States of America. i do not represent the unincorporated Assembly of Colorado, the Federation of Assemblies or the United States of America [unincorporated]. My belief is in the rules of LAW. Since declaring my political status in July of 2022, i have only begun to learn the frauds, Piracies and crimes against the population. My status as a Colorado National affords me the opportunity on the Land to present a motion to other Sovereigns to lawfully remove Pirates from the Land that will not comply with LAW. i also have the right to call on other Sovereigns under said Treaty to assist in the liberation as necessary. My intent is simply to educate the population and allow Citizens the opportunity to learn of their status as dead assets and slaves to the Foreign Corporate Interests. They too may choose to declare their status and return to the Land from their stolen birthright. This includes Agents of said Foreign Corporation(s) and those identified as delivering Posts. Thus, ten copies and a motion to proceed in forma pauperis are not applicable. No intent to contract is made. Your UCC contract trust is rejected.

- 7) The addressees are the opposition as Agents or Principals of the Foreign Service Corporation(s) acting as unlawful Pirates [outside enumerated contractual obligations to nonemployees on the Land]. Notice to Agents is Notice to Principals. Notice to Principals is Notice to Agents. This is by maxim of law before and including the Magna Carta. Sovereigns do not speak to dead assets of Corporation(s). This is the subject of the Letter requesting a Writ of Mandamus to be served on all Agents of the Corporation avoiding misidentification and the prospect of death to living men and [wo]men as sovereigns and protected by Maxims in Law, Magna Carta, Confederation of States, Peace Treaties, Multiple Constitutions and International Conventions. Failure to abide by any may result in your Personal responsibility and Liabilities and of your employer(s). The world population knows by the Hague and Geneva conventions that “I was doing my job” is not an excuse.
- 8) So there can be no confusion, sovereigns on the Land in the United States of America have been at Peace since 1814. i, and other sovereigns including Yolanda Lynn Searl want to stay at peace. We simply ask that the population educate and validate the actions of the Corporation(s). If the actions are unlawful, we ask for remedies and that order is restored in the rules of the Land, Air and Water, LAW. Our expectation is that the truth revealed will prevail and that USA Citizens that don't know they are Pirates will stop being Pirates. If there is LAWful Notice to the Pirates of the Land of their unlawful activities, there won't be enough Pirates left on the Land to occupy any threat to the Land as they move to said Land. This begins with the responsibility to deliver Priority marked Posts received in the International Post stream.

Anna Von Reitz [<http://www.paulstramer.net/>] sums it up best in her 10/23/22 article,

It's all about the Fourteenth (By-Law) Amendment of a deceit-ridden corporate charter for a Scottish commercial corporation called “The United States of America”— Incorporated, that went bankrupt over a century ago, and a giant fraud scheme set up by the Lord Mayor of the Inner City of London and the King's Government to collect war reparations related to the misnamed American Civil War.

This means that when a summons or citation or warrant is issued in a non-specific NAME which appears to be related somehow to the name of an American and the (intended) American victim answers, they are unwittingly entrapped and grant jurisdiction to the British Magistrate COURT to fleece them absolutely blind as a surrendered criminal.

There is no trial in these proceedings, only entrapment, personage, barratry, and fraud. This is how these COURTS achieve their astonishing 96% “successful” conviction rate. This is why the guilty attorneys swagger around and look so smug and well-fed.

We, Americans, have been so trusting, so innocent, and so clueless that the King's Hounds, his Esquires with American accents, have pillaged the people of this country at will, like so many rabbits in a snare.

All based on fraud from the beginning to the end of their narrative. The only wonder of it is that the guilty parties and Principals have gotten away with it so long.

That's also why we are assessing initial proven damages of \$279 Trillion Dollars against the American Bar Association and the International Bar Association and their Principals, the Lord Mayor of the Inner City of London, ELIZABETH II and FRANCISCUS.

The whole Court process is for profit GSA Form SF24 is the "Bid Bond", everyone must have a copy of the Bid Bond. The "Performance Bond" is SF25. The "Payment Bond" is SF25A and released by the GSA. Slaves are led to dishonor and the Bonds are sold to insurance companies in a For Profit system of deception, Fraud, Piracy and Criminal Acts against living men and [wo]men on the Land.

It is time for the addressees to stand for LAW like the honorable Justices did inside the Corporation(s) declaring they were in fact inside the corporate veil.

Sincerely,
